BIG AND BOLD

Floral prints are brighter and bolder than ever this summer. Forget dainty petals and opt for oversized blooms instead. From jumpsuits to playsuits, lightweight pyjama-inspired two pieces or edgy matching short and top combos, and everything in between, 'notice me' florals are everywhere this summer. Embrace your dark side by pairing colourful blooms with black.

SUMMER SHOWERS

Botanical prints update covers-ups for a summer-inspired look, with dark hues counterbalancing the softness of the delicate floral print. This summer's must-have is a tossup between the quilted embroidered jacket and the suede biker jacket; transitional pieces that will see you through early autumn.

ALL THE TRIMMINGS

Fashionistas, take note: a well-placed ruffle can do the job of statement jewellery. Think Little Bo Peep-style trimmed hems, whimsical ruffled tops and embroidered floral detail.
